## FELINE FOSTER APPLICATION/AGREEMENT

Thanks for completing this application! At first glance, you might think, this is a little long - are all these questions necessary? We know, but it is in the best interest of YOU and the cat.

**Every family is different, and there are no right or wrong answers.** Every dog family has different needs, and this application helps us identify who needs what information and what homes might make the best fit.

Please complete all the information on the following pages. Missing information may delay the foster screening process. Completion of this application form does not guarantee that ROAR for PAWS will place one of our cats in your care. Completion of this process is an indication that you have read, understand, and agree to abide by our Foster Agreement and that the information contained within this application is accurate and not misleading in any way. All fostering is at the sole discretion of ROAR for PAWS who reserves the right at any time during the foster process to decline an application, without explanation.

Please give careful consideration to fostering a dog. They must be part of the family and cannot be outside dogs. Make sure your lifestyle allows the time, patience, training, and expense this dog will need. Please take time to think, be honest with yourself and us when answering these questions.

### Our Foster Process:

- ♥ Complete and give the foster application to a ROAR for PAWS representative or e-mail to [info@roarforpaws.co.za](mailto:info@roarforpaws.co.za)  
✓ Remember to initialise each page and sign last page.
- ♥ A home check will be done
- ♥ Should the home check and application be successful, you will be informed to collect the foster cat.

### Other information.

- ♥ You may choose to provide food for the foster cat or request ROAR for PAWS to provide the food.
- ♥ ROAR for PAWS does take no responsibility for damage of objects, home or garden in any kind of way.
- ♥ Foster parents must bring their foster cat to adoption events when requested. This is especially important that kittens must attend ALL arranged adoption days.
- ♥ ROAR for PAWS makes all medical and adoption decisions regarding foster cats.
- ♥ Should the cat need medical treatment (including but not limited to vaccinations and deworming) you will be required to take the dog to ROAR for PAWS or to a ROAR for PAWS appointed vet for the procedure on the date/time as agreed between yourself and ROAR for PAWS. Costs for medical treatment at our appointed vet will be covered by ROAR for PAWS in full. You are most welcome to contribute should you wish to.
- ♥ Should you choose to take the cat to your private vet, approval must be obtained from ROAR for PAWS, and then you will be responsible for all costs
- ♥ You must be 18+ years old to foster.
- ♥ Your **current furkids must be sterilized** and their vaccinations must be up to date. (Unless there is a valid veterinary report indicating why this is not possible.)
- ♥ Your furkids **must be part of the family** and must sleep inside.
