FELINE ADOPTION APPLICATION/AGREEMENT

Thanks for completing this application! At first glance, you might think, this is a little long - are all these questions really necessary? We know, but it is in the best interest of YOU and the cat.

Every family is different, and there are no right or wrong answers. Every family has different needs, and this application helps us identify who needs what information and what homes might make the best fit. If you're a veteran cat owner, we don't want to waste your time revealing things you already know; by the same token, if this is your first cat, we want to make sure you leave prepared for what life with a cat may bring. So again, thank you!

Please complete all the information on the following pages. Missing information may delay the adoption screening process. Completion of this application form does not guarantee that ROAR for PAWS will place one of our cats in your care. Completion of this adoption process is an indication that you have read, understand, and agree to abide by our Animal Adoption Agreement and that the information contained within this application is accurate and not misleading in any way. All adoptions are at the sole discretion of ROAR for PAWS who reserves the right at any time during the adoption process to decline an application, without explanation.

Please give careful consideration to adopting a cat. Cats are not toys or short-term commitments. They must be part of the family. Make sure your lifestyle allows the time, patience, and expense this cat will need over the years. Please take time to think, be honest with yourself and us when answering these questions.
